

TALKS AND WORKSHOPS ON
Counselling & Psychotherapy

BRISTOL PSYCHOTHERAPY ASSOCIATION

2012- 2013

What is the BPA?

The Bristol Psychotherapy Association (BPA) was established in 1977 to foster the development of psychotherapeutic work in Bristol.

The BPA is an independent organisation which promotes the practice, study and teaching of counselling and psychotherapy. It does not itself provide training or accreditation, although CPD certificates are issued to attendees on request.

Evening meetings are normally held on Mondays in The Randall Room of All Saints Church at the Pembroke Road end of Alma Vale Road.

Guest speakers come from a wide range of therapeutic disciplines.

Meetings

Meetings are free to members with a small charge made for non-members. Refreshments are available during the evening. A bookstall may be provided at certain meetings.

Membership

Membership is open to anyone whose work or training involves them in practice, education or training in psychotherapy, counselling or related fields. Application forms can be obtained from the membership secretary or other committee members. These ask for details of training and experience and applicants should be supported by two existing members. However, if you do not know any BPA members or are new to the area, please feel free to introduce yourself to a member of the committee.

Website

The BPA Website includes information about forthcoming events, articles, letters and other contributions of interest.
